

# Jaw Finder - The easy way to find jaws

## Manual for PC/Laptop-version

There are three versions for different OS (operating systems) available:

- **Windows XP (SP 2)**  
*Note: Requires Servicepack 2*
  
- **Windows XP (SP 3), VISTA, 7 (32 Bit)**  
*Note: Requires Servicepack 3*
  
- **Windows 7 (64 Bit)**

### Check kind of OS (operating system) you have?

- > press Start or Windows-button
- > XP: Workspace > right mouse click > Properties (choose)
- > Vista/ 7: Computer > right mouse click > Properties (choose)

## Installation

- 1. Choose the correct folder for the OS to be installed**
  
- 2. Open the file „setup.exe“**
  
- 3. Follow the instructions**
  
- 4. Choose „Standard/ Typical“**

*(approx. 2-3 minutes, depending to the performance of the computer)*

- 5. Ready. The application can be used.**

# Using the application
